

Tim Halliday

Full-Stack Developer

Motivated full-stack developer and eager learner with 3 years' commercial experience developing and maintaining applications in Java, Spring and React. I am looking for new opportunities where I can leverage, strengthen and add to my existing technical and communication skills, particularly roles with a focus on UI/UX and understanding user needs.

WORK EXPERIENCE

Software Engineer Mayday

03/2024 - 03/2024

Accounting Software

Achievements/Tasks

- Developed and maintained multiple products, working across both frontend (React, TypeScript, Tailwind) and backend (Kotlin, Java, Spring Boot).
- Played a key role in launching a new product, collaborating closely with the product manager to align technical solutions with user needs.
- Designed and implemented a highly requested data export feature, integrating external libraries and Google Sheets API.
- Contributed to UI/UX discussions by reviewing Figma designs and providing design feedback to enhance usability.
- Regularly performed code reviews and promoted clean, maintainable code through shared team responsibility.
- Advocated for testing best practices on frontend (Jest) and backend (Spock) ensuring robust applications through unit and integration tests.

Full-Stack Developer Britcent

04/2022 - 03/2024

Online Education Company

Achievements/Tasks

- Worked on 3 distinct web apps developed in Java 8 and Spring Boot and shipped on AWS Lightsail.
- Developed and deployed a new web app which represented 15% of company revenue in a new business area.
- Stepped up to provide paternity cover for the senior developer during a critical period, acting as the main point of contact for the tech team.
- Encouraged a more TDD approach by advocating for and creating unit and integration tests with JUnit 4.
- Collaborated with various stakeholders and cross-functional teams to understand user needs, find solutions to complex problems and achieve business objectives through elegant and efficient code.
- Integrated APIs for messaging, subscriber lists and payment systems, including Stripe.

English Tutor Britcent

01/2020 - 12/2021

Online English Education Company

Achievements/Tasks

- Independently planned and taught one-on-one English lessons over Zoom, building confidence and initiative.
- Developed **strong interpersonal/communication** skills and the ability to explain complex concepts in an accessible way.
